### **Biofreeze Honors Tom Davis, D.C. With The 2006 Performance Health/Biofreeze Humanitarian Award**

During the 2006 Northwestern College of Chiropractic Homecoming and Winter Gathering, Performance Health awarded the 2006 Performance Health/Biofreeze Humanitarian Award to Tom Davis, D.C. for his work on bringing chiropractic care to underprivileged patients.

Dr. Davis is a graduate of Palmer College of Chiropractic and has practiced in Alaska, Indiana and Minnesota. He was a full time faculty member of Northwestern College and served in the Methods Department and the Wolfe-Harris Center for Clinical Studies before his retirement. In 1999, he developed La Clinica de la Mariposa, the “Butterfly Clinic”, to provide chiropractic care at no cost to the children and elderly of Costa Rica. Because of the response of La Clinica, Dr. Davis created Santé, Inc. a non-profit corporation, and now collaborates with the Christian Foundation for Children and Aging and Northwestern to provide integrated healthcare through La Clinica de la Mariposa. Dr. Davis, senior level chiropractic students and clinicians from all disciplines now serve 10 communities in Costa Rica during one month experiences, 2 to 3 times a year.

Chuck Conto, National Sales Manager for Performance Health, Inc/Biofreeze presented the award, which was accepted by Lynne Hvidsten, Associate Dean of Northwestern College of Chiropractic Clinical Education on behalf of Tom Davis, D.C. who was unable to attend since he was in Costa Rica for the 13<sup>th</sup> session of La Clinica. As part of the award, a \$500 donation was made to Santé, Inc. the non-profit corporation that administers the La Clinica experience.
